

Test Case 11 – Dashboard Validation

Objective

To provide centralized visibility of SLA governance metrics through the dashboard.

Steps

1. Navigate to the **SLA Governance & Accountability Dashboard**.
2. Open the dashboard.
3. Verify that all dashboard widgets are displayed correctly.

Expected Result

- The **SLA Governance & Accountability Dashboard** opens successfully.
- All configured widgets load without errors.
- Reports display real-time SLA governance data.

Actual Result

The dashboard loaded successfully, and all configured widgets displayed the expected SLA reports and real-time data.
